EXPERIENCE

SHEIN Shanghai, China
Strategy Analyst Intern Spring & Summer 2026
- Tracked competitors' weekly GMV, AOV, and other core performance metrics across 15 key markets, building and maintaining online dashboards to visualize market-level trends and support ongoing business monitoring.
- Conducted desk research on specific topics, covering DSP/SSP ecosystems in North America and self-operated retail strategies such as JD.com; synthesized findings into recommendations for platform and product strategy.
- Leveraged AI to automate competitive-monitoring workflows, building reusable AI skills to retrieve competitor pricing and DAU data, consolidate results into Excel, and generate standardized reports; improved workflow efficiency by 80%.

BYTE DANCE Shanghai, China
Strategic Operations Intern Summer & Fall 2025
- Analyzed GMV contribution and growth patterns of newly onboarded Mall sellers, identifying performance gaps and recommending targeted operational interventions, which contributed to 0.2/5.0 seller rating raise and 2% GMV growth.
- Leveraged AI to streamline the Mall onboarding workflow and revamp the review process, reducing review time by 40% and increasing Mall onboarding penetration from 9% to 12%.
- Coordinated Mall sellers' participation in major promotional campaigns; managed homepage banner placements and negotiated promotional resources; partnered with the product team to launch an automation tool to facilitate seller application process.

ESTEE LAUDER Shanghai, China
Strategy Analyst Intern Summer 2025
- Analyzed sell-in and sell-out data monthly to identify market preferences and consumer demands, supported forecast optimization with Demand Planning team for regional Marketing Director to define business ambitions.
- Evaluated product performance across Sephora's online channel and 50+ offline stores across the country during promotion periods, benchmarking competitor pricing and promotional strategies to support product pricing and trade marketing plans.

BAO COMMUNICATIONS (Base in NYC) Remote from Shanghai
Public Relations Intern Spring 2025
- Identified and evaluated 100+ influencers across Instagram, YouTube, and TikTok based on client objectives, supporting influencer outreach, campaign execution, and performance assessment.
- Collaborated with Nongfu Spring to produce and edit 20 short-form videos, generating 200K+ views and 10K+ engagements; designed and managed daily content publishing across multiple social media channels.

ATHENEUM Shanghai, China
Strategic Consulting Intern Spring 2024
- Collected, structured, and visualized pharmaceutical market, industry, and competitor data across Asian markets using Excel, mapping hospital resources, physician profiles, and healthcare stakeholders to support market analysis.
- Conducted expert interviews with healthcare professionals to gather primary insights on medical reimbursement systems, pharmaceutical registration requirements, and market dynamics, synthesizing findings into client-ready reports.
